Subject: Admission Process for academic session 2025-26

The Higher Education Department introduced a new admission process from academic session 2023 and was continued for academic session 2024 as well. The entire process was coordinated at departmental level.

With the advent of any new system there are inherent challenges and the same were visible in the new admission process.

As we are approaching the new academic session, we need to address those challenges and re visit the admission process to address the challenges.

A broader feedback at the college level is going to aid the process in a substantial way.

Accordingly, your valuable point of view is sought through a format available at Director portal at (**Dashboard/Admission Feedback**)

You are requested to deliberate the issue with all the stakeholders at your college and submit the same as per the format by or before 05-04-2025 - 4:00 P.M positively.

Understanding the importance of the admission process , I am confident that you will attach highest priority to this requirement and after thorough deliberations submit the response within the timelines.

Yours Sincerely,

Dr. Sheikh Ajaz Bashir

Director Colleges, J&K
Higher Education Department
